To Whom It May Concern:

I am writing this letter in support of the program “The ReCycle Show” and the performing artist Richard Renner. Richard’s programs have been on the roster of Kansas City Young Audiences (KCYA) for over 15 years and receive consistent high marks on the evaluations we send out to school teachers and administrators.

I have been fortunate enough to see “The ReCycle Show” on two different occasions. In each instance I was impressed by Richard’s ability to keep the student audience engaged & entertained....all the while impressing upon them the importance of being kind/respectful to Planet Earth. His natural charm, humor & physical abilities make for a very entertaining program. But don’t take my word for it. Here is a comment about “The ReCycle Show” from one of our schools last spring:

“Great student involvement. Kids loved learning what they could do to help the earth. The teachers were as entertained as the kids.”

-Mission Trail Elementary, Blue Valley

If you would like to discuss Richard or this wonderful program further, or need more information, please feel free to contact me.

Sincerely,

Larry Greer
